Center for Secure Cyberspace

P.O. Box 10348 Ruston, LA 71272 www.csc.latech.edu

About CSC

The Center for Secure Cyberspace (CSC) is a joint collaboration between Louisiana State University and Louisiana Tech University created to assist faculty members in their research, and to support federal, state and private sector cyberspace security needs in collaboration with the Cyber Innovation Center" (CIC) in Bossier City. Located on the campus of Louisiana Tech, the CSC capitalizes upon world-class resources of the Louisiana Optical Network Initiative, Louisiana Tech's Institute for Micromanufacturing, and LSU's Center for Computation and Technology.

Purpose

The goal of the Center for Secure Cyberspace is to establish a National Center of Excellence dedicated to education and research in integrated smart cybercentric sensor surveillance systems.

Research Focus Areas

- Dynamic Network Formulation
- Secure Information Dissemination
- Data Fusion and Prediction of Disaster Precursors
- Visualization and Validation

Research Team Members

Dr. Vir Phoha, Louisiana Tech University

Dr. S.S. Iyengar, Louisiana State University

Dr. Gabrielle Allen, Louisiana State University

Dr. Kiran Balagani, Louisiana Tech University

Dr. Peter Chen, Louisiana State University

Dr. Christian Duncan, Louisiana Tech University

Dr. Jean Gourd, Louisiana Tech University

Dr. Jinko Kanno, Louisiana Tech University

Dr. Md Enamul Karim, Louisiana Tech University

Dr. Tevfik Kosar, Louisiana State University

Dr. Rastko Selmic, Louisiana Tech University

Dr. Greg Vert, Louisiana State University

Dr. Jian Zhang, Louisiana State University
